Haytham Saba

ID: IE0698615 | **Work permit:** Slovenia | **Date of birth:** 09/08/2002 | **Nationality:** Slovenian | **Gender:** Male | **Phone:** (+386) 031015236 (Mobile) | **Email address:** haythamsaba@gmail.com | **Website:** https://haytham-saba.vercel.app/ | **Instagram:** https://www.instagram.com/haytham_saba/ | **Address:** Brilejeva ulica 7, 1000, Ljubljana, Slovenia (Home)

ABOUT ME

Frontend developer with hands-on experience building production-grade React applications, with a strong focus on component architecture, TypeScript, and modern tooling. Currently independently delivering full-stack projects. Passionate about creating polished, accessible user experiences and growing toward a Product Engineer role that bridges technical execution with product thinking.

WORK EXPERIENCE

08/12/2025 - 08/06/2026 - ITALY

FRONTEND DEVELOPER INTERNSICILIAMIA

Working on the platform using React, SCSS, and a structured Git/GitHub PR workflow with feature branches and code review

Built and refined responsive UI components: blog section layouts, cookie consent buttons, booking page heroes, and translation features using WithTransLate

Implemented px-to-rem conversions across the codebase and resolved responsive design regressions flagged during PR review

Collaborating daily with senior developers, navigating feedback cycles from design-to-implementation

PROJECTS

18/01/2026 - 28/02/2026

HabitFlow — Full-Stack Gamified Habit Tracker *React 18 · TypeScript · TailwindCSS v4 · Supabase · React Query · Framer Motion · Recharts · Vercel*

- Built a complete habit tracking platform solo in 40 days from scratch to production — covering auth, CRUD, analytics, gamification, and responsive design
- Engineered 75+ components with a shared form pattern architecture, eliminating 500+ lines of duplicate code through a systematic refactoring phase (13+ reusable components extracted)
- Implemented a GitHub-style activity heatmap, XP/level progression system, streaks, and badge rewards to drive engagement.
- Integrated Recharts for habit analytics dashboards and Framer Motion for fluid page transitions and micro-interactions.
- Resolved a cascading render bug by wrapping synchronous setState calls inside useEffect with startTransition.

23/04/2026 - 11/05/2026

Kova Studio — Creative Portfolio *Next.js 16 · TypeScript · Tailwind CSS v4.1 GSAP ScrollTrigger · Framer Motion · Lenis*

- GSAP ScrollTrigger horizontal scroll, Lenis smooth-scroll wired to GSAP ticker, lerp-based magnetic cursor, clip-path entrance animations, hero image bloom from circle to full-bleed on scroll, pinned image grid reveal, and Framer Motion page transitions with AnimatePresence.
- Built on Next.js 16 App Router, TypeScript, Tailwind CSS v4.1 with CSS-first @theme config, and self-hosted fonts via next/font. All case study pages statically pre-rendered via generateStaticParams.
- Designed and developed by Me.

01/07/2025 - 14/07/2025

Personal Portfolio Website *React · Vite · TailwindCSS · Framer Motion · Formspree · Vercel Analytics*

- Designed and built a personal portfolio with animated sections, a working contact form via Formspree, and custom Framer Motion page transitions
- Instrumented with Vercel Analytics; debugged Hero component responsive layout and animation conflict issues

SKILLS

Languages

JavaScript | Web Technologies Fundamentals - HTML, CSS | TypeScript

Frameworks

Next.js | React.js (Hooks, Router, Redux, Next.js) | BoostrapCSS, TailwindCSS | Framer motion js | SCSS | Recharts

Backend/DB

Supabase | React Query | REST APIs

Tooling

github | Git | Vite | Vercel | npm

Concepts

responsive design | Component architecture | performance optimisation | SDLC

LANGUAGE SKILLS

Mother tongue(s): **ARABIC**

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	B2	C1	C1	B2
SLOVENIAN	A2	A1	A2	A1	B1

EDUCATION & TRAINING

01/10/2020 - 20/08/2025 - GAZA, AUTONOMOUS PALESTINIAN TERRITORIES

BACHELOR'S IN SOFTWARE ENGINEERING- AL AZHAR UNIVERSITY
